Welcome to the world of Expert Entertainment. Here you should find everything you need in order to make your forthcoming function/celebration a success. We are proud to say that we provided the evenings entertainment for this years (2013) wrap party for strictly come dancing at Elstree studios!

Whether you're planning a Wedding, Civil Partnership, Anniversary, Birthday, Bat-Mitzvah, Bar-Mitzvah, Masonic Function, Ladies Night, Office Party or Corporate Function we can offer the right music to create the perfect atmosphere for you and your guests to enjoy a wonderful night to remember! Once you have completed our optional 'play-list' request form, we will endeavour to have all the tracks you require to ensure your function is absolutely tailor made to perfection.

We can offer our clients various options and packages including dance floors, up-lighters, star cloth back drops and many other extras as well as the first class disco service that we have now supplied for over 25 years!

We also specialize in 'school discos' offering reduced rates for mid-week bookings. Providing lasers, haze/smoke machines to give a real wow factor to the event. We have current CRB certificates for that added peace of mind. From Year 6 events right through to 'leavers balls' we have it covered!

## Testimonials

"I can't thank you and Ian enough for helping makes Emily's 21st Birthday Party last night such a great success. Pre-party you were really efficient with all the arrangements and understood exactly what we wanted. Ian was absolutely brilliant last night, he got the music just right and everyone was asking me how I had managed to find such a fantastic DJ. So many people commented on how great the music was and said it was the best party they had been to for years."

"I'm just sending you this email to thank you for Saturday! Tim was amazing; he couldn't have done a better job. The music was great, he got everyone dancing. I will defiantly be recommending your services to all my friends and family! I can't begin to explain how happy we are with you."

Your wedding day has to be one of the most important days of your life, and the entertainment service that you choose to compliment the day-time celebration must be of the highest quality, and above all else, reliable. We can either set-up during the day, in your absence, then provide you with back ground music during your meal, supply you with radio microphones for speeches, and make important announcements on your behalf. Instead of having a big P.A system during the meal we can place small subtle speakers around the dining room for that perfect level of ambiance.

We can even provide small white speakers on polished chrome stands for that special touch. If your having a civil ceremony at the venue then we can provide a PA system to play entrance/exit music as well as microphones so that your guests can hear the ceremony. Although only measuring 372x249x205mm these speakers still deliver 200-watts RMS of crystal clear sound.

Our White LED dance floor looks absolutely amazing for any event but particularly special for a wedding. We can lay the floor (12' x 12') in under 30 minutes to transform your venue and add that vital 'wow' factor.

Our black & white chequered floors are still as popular as ever, mainly due to their classy/regal look! The interlocking panels can be made up to any size you wish, either square or rectangular.
